***"Let's make this perfectly clear"***

# ***We can!***

***With flawless clarity.***

*The CM-1000 pocket-sized omni-directional microphone is the perfect answer to flawless transfer of sound for the recording of meetings, conferences, depositions, lectures and more! It's truly an essential ingredient to your next significant business meeting.*

# Let the meetings begin!

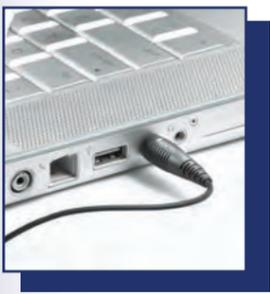

Sound decisions require sound understanding. The CM-1000 delivers your thoughts... **loud and clear!**

**At last...**

the CM-1000, a common sense solution for recording to your computer or portable recorder. Smaller than the palm of your hand, this slim and compact microphone gives you a 360 degree pickup for maximum coverage and pristine sound delivery. And, while it only weighs 2.5 ounces, the sturdy CM-1000 holds its ground with a non-skid, rubber surface.

## Insert here, here and here!

Actual size

The CM-1000 is engineered to provide unparalleled sound delivery. And, connections couldn't be any easier... plus, sound transfer couldn't be any better! Simply plug the 3.5 mm stereo plug from the CM-1000 into the back of your computer or portable recorder. For larger meetings the CM-1000's daisy chain capability allows for maximum coverage from one end of the table to the other.

Nothing could be more simple!

360° pick-up for maximum coverage.

## The ideal conference companion

The CM-1000 is the answer to portable microphone excellence. There are no microphone stands to set up and position, no reels of connecting cords to unravel and hook up and no headaches about moving from one location to the other.

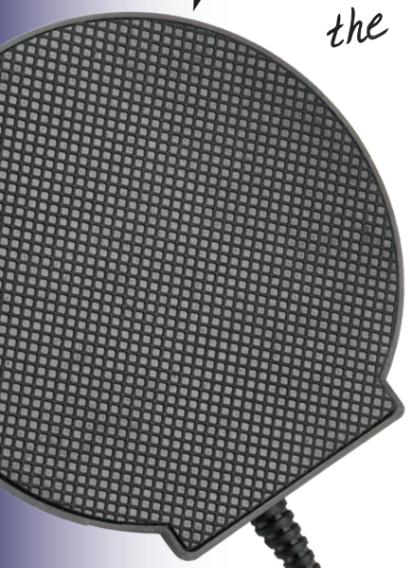

One missed word can change the outcome of a strategic meeting. With the CM-1000 portable conference microphone, **we've got you covered.**

Low profile design captures all voices and subtleties of all conversations.

Rubber grid design on the bottom keeps the CM-1000 in place.

Insert plug here for daisy-chain capability

The CM-1000 comes in its own smart padded pocket pouch. Put it in your pocket; toss it in your attaché case or drop it in your shoulder bag and you're on your way to your next appointment! Big meetings or bigger meetings the CM-1000 always has your conversations covered with the microphone multiple-connecting capability, in a daisy-chain format.
